About Us

Purabanchal Laminates Pvt. Ltd. an ISO:9001 and 14001 certified company is engaged in manufacturing of high quality decorative laminates since 2004. The company has made steady and impressive growth in these years both in terms of volume and varieties of laminates.

The Company has acquired the OHSAS: 18001 certification for implementing safety measures within the organization. In consideration of the company's concern over the conservation of natural forests of the world, it has been accredited with the prestigious **FSC (Forest Stewardship Council)** the South African NGO. We have also planted 50,000 saplings in Jodhpur District of Rajasthan. It shows how much concerned we are towards ecological balance of environment and natural certified laminates will help to cater to the needs of Green Building Projects there by making our planet greener. The Govt. of India has accorded the company with the status of **EXPORT HOUSE** for its massive achievements in export front. The company's products are certified with ISI mark-the mark of quality assurance.

The Company has achieved certification of Registration of **C.E. Marking** for our products from QSA International U.K. Our registration no. is 1505459. C.E. Marking certificate is required to export goods in European countries. So Amulya Mica is slowly but steadily going to be an International Brand.

The Company has achieved **Singapore Green Label** certification for our product as "Environmentally improved Low Emission Low Toxicity" from Singapore Environment Council.

SPT developed first time in India by AMULYA MICA, gives your laminate additional strength to withstand stains and scratches more effectively. The technology guarantees that Amulya Mica laminate beats ageing and needs practically **ZERO Maintenance**. All the decorative Laminates sold under the brand Amulya Mica have a **warranty of 7 Years**.

The Company has been awarded with **16 Annual Greentech Environment Award 2015** by **Greentech Foundation** for outstanding environment management and the company also bagged **India's Most Trusted Brand 2019** award by IBC InfoMedia Corp. USA in association with International Brand Council (USA)-a consumer survey conducted in India by Media Research Group (MRG) in the category of **India's Best Mica and Laminate Company**. Company has been awarded with 17th National India **SME Excellence Award** in Manufacturing Sector. Company has **Green Guard Certification** from USA, this is a certification that a product has met some of the world's most rigorous and comprehensive standards for low emissions of volatile organic compound (VOCs) into Indoor Air.

Amulya Mica has been making its mark felt all over in its industry and has been awarded the title of **Power Brands Industry Trendsetter 2018**.

AMULYA PLUS+

MATT

Amulya Plus+ is made from specially formulated resins, selective décor and kraft paper and very high glossy press plates. They are effectively resistant to scuff mar & scratch along with having aesthetical look and are suitable for various applications such as kitchen, lounge, restaurant, mall, spa, reception, counters and many other areas where the décor surface of the laminate is invariably exposed to regular and continuous friction. The company has recently developed with breakthrough technology and extensive research a suitable solution for all these i.e. Amulya Plus+ in MATT finish. The new range of Amulya Plus+ laminates in MATT finish, first of its kind in India, provides a better option for protecting your dream creations from scuff mar and scratch effectively. It is durable, along with having the ability to withstand high temperatures as surface of Amulya Plus+ laminates is smooth and easy to clean. It looks stunningly beautiful for years.

Tastes of people around the world are changing and so the demand of glossy finish laminates is increasing. Back in the time, people's preference for glossy finish was limited to artifacts or high-end décor elements as scratches and stains would completely evaporate its beauty. But now, the story has to be twisted as Amulya Mica is here with glossy finish laminates with solid and sturdy surface. You can place these beautiful laminates on cupboard and drawer doors, vanities, and counter tops without having to worry about anything. These, high performance, durable, and versatile laminates are well suited to a range of applications. These can easily resist scuffs, smudges, and other marks. The modern technology makes low-pressure melamine laminates more suitable for higher use. Currently handle-free cupboards and drawers have emerged to be mass-favorite. One of the best surface décor elements to be used here is Amulya Plus+. Along with durability, these are also light in weight. All in all, you can invite high-end glamour in your space by having these on board.

HIGH GLOSS

UNICORE

Give your space a dynamic makeover by bringing on board these vivid pieces. Surrounding yourself with their charm would be one of the best décor decisions as they can add life to each and every décor elements and ooze inspiration perennially. Be it an open arena or your private room; they will spread glee with their pixie dust of charisma. Made using multi-layered decorative papers these uni-colored compact laminates come with a promise of durability hence are ideal for high-traffic areas. These innovative pieces offer high performance and extensive application potential. With these by your side, you don't have to worry about untidy and unpleasant edges as unicolor has even look and seamless built. The base, front and edges get an even look, thus eliminating black seams completely. Along with creating an artistic and vibrant sight these can also produce inlay effects and assure flat bonding.

See and feel the shimmering beauty of this High Gloss series that comes in several vivid colors.

25 Exclusive design

E 134 ZR | GRAFFITI

We at amulya, always aim at innovations and inclusions to widen your choice of product availability. Our range of 25 exclusive design from Chiyoda Europa - Japan, Impress - Spain as well as from Schattdecor - Germany. We have been given exclusive rights for major design for South East Asia. All of them are leading and reputed decor paper supplier throughout the world.

This unique blend of skills and expertise has continually attracted a widening customer base, drawn by the combination of highest creativity, technical abilities, an acute ability to identify new developments, target-oriented marketing and superb customer advisory services. Only single objective: to create decors that will give the customer success and always at the highest quality level.

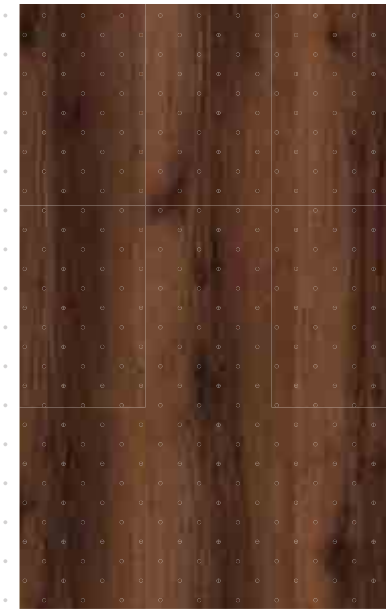

Conversion of a design vision into reality for the right tools. Printers print decor papers on ultra-modern four-and five-colour printing machines. To ensure that the results attain the highest quality standard, Company engrave printing cylinders in-house. Company is using environment friendly Ink for their decor paper, which have no such heavy metal content. These printers have more than 2,000 designs for furniture, the building interior completion industry, panels and floor coverings. It doesn't matter whether you want a natural wood decor, a trendy fantasy look, or an authentic stone image - you will find what you want at these Printers.
