We ensure that products provided by us to our customers are best in latest trend and technological advantages.

Design your abode with AGL engineered Marbles & Quartz and make it look serene.

Explore this fine collection now!

## Asian Granito India Ltd and Marble & Quartz Division

It all started with a dream.

A dream to create the world's most sustainable building materials company. With that dream in mind, passion for success and hard work, the founding stone was laid for Asian Granito India Ltd by two young entrepreneurs in the year 2000. Started as a small 30-employee venture, today the AGL Family has grown to a team of over a 6,000 who are committed to making the brand a global leader.

Headquartered in Ahmedabad, AGL is listed on the NSE and BSE, and reported net consolidated turnover of Rs. 1292 crores in 2020-21. Along with a strong focus in Indian Markets, the company also exports to more than 100 countries.

In Year 2009-10, AGL has forayed into manufacturing of engineered marble. It is fully equipped with latest vibro-compression vacuum technology, modern Research and Development and polishing technology to produced best products to match international and domestic requirements. AGL Engineered Marbles are available in very wide variety of designs with international preferences in large size of 3025x1225mm.

In Year 2012, AGL has started manufacturing of Quartz to provide finest and luxurious options for various surface applications like Counter tops and interiors (floor) in Kitchen, Malls, Airport, Five star Hotels and Commercial space are the major application of Quartz. Premium flooring solution - Quartz has fast emerged as the latest trend for all kind of counter tops & wall surface and its demand is growing across the world on account of aesthetics, durability, strength, variety and less wastage or damage compared to natural Marble.

Today, added has remain an undisputed leader in Engineered Marble and Quartz in India with capacity of 3,200 sq.mtr/day and company is growing by introducing various natural and technological ways to materialize surfaces in more better ways.

## Technology and setup

*Pioneer in Bringing Latest technology for manufacturing Engineered Marble & Quartz in india*

AGL Marble & Quartz Plant is fully equipped with Avant Garde ultra modern Vibrocompression compaction technology. This plant produce consistent products with great quality that matches international standards and remains durable for long term. AGL Marble & Quartz is polished with 64 head advance polishing technology that enhances natural beauty of engineered marble & quartz surface with full of shine and ready to install.

**Ultra Modern Vacuum Vibro-Compression Compaction Technology**

**Latest Polishing Technology**

**Perfect cutting through 7 Modern Gangsaws**

**Q.C. Check**

## Ultramodern R&D and QC Lab

At, AGL, each plants has well established research and development laboratory fully equipped with latest testing equipments to maintain quality standards. AGL R&D laboratory has well experience team of professionals who regularly check to get best level of quality from material procurement to finish goods, thus since inception, AGL has been continuously performing to give sheer satisfaction to its customer with trendy designs.

## APPLICATION

# Engineered Marble

The exceptional marble collection by AGL is here to give every space a luxurious touch with its grandness. These marbles are available in the size of 3025x1225mm.

### Available In Size:

### Features

- High durability of surface and lifespan
- Versatile opportunity to customize
- Frost Proof
- Maximum 3-4% wastage during installation
- More Hardness (Moh's Scale) 3 to 4
- Low Porosity low water absorption
- Re-Polishable
- Easy Available
- Ready to Install No Polishing Require
- Economical than Natural Marble
- Saves natural resources
- Wide Range
