CERTIFICATIONS

IN 29 YEARS, WE HAVE ACHIEVED WHAT ONLY A FEW DREAM OF. TRUTH IS, WE JUST KEEP ON GOING WITH WHAT WE HAVE DECIDED. AND THEN EVERYTHING ELSE... JUST FOLLOWS. THE ISO 9001:2015 CERTIFICATION IS A HALLMARK OF INTEGRITY, QUALITY AND RELIABILITY. THE DESIGN AND EFFICIENCY OF THE LAMINATES HAVE EARNED US THE CE MARKING AWARD. STYLAM TAKES PRIDE IN BEING RECOGNIZED AS AN EXPORT HOUSE BY THE GOVERNMENT OF INDIA. WE MEET ALL QUALITY, SAFETY, GREEN STANDARD AND OPERATE AS RESPONSIBLE CORPORATE CITIZEN.

CARE & MAINTENANCE

Your decision to select Stylam Laminate will bring you years of quality performance. Everyday cleaning of our products is as simple as a quick wipe with a damp sponge. All resist muddy fingerprints, coffee spills and so much more.

Please read and follow the recommended care and cleaning procedures.

ROUTINE CARE

To clean the surface, use a damp cloth or sponge and mild soap or detergent. Rinse thoroughly with warm water and wipe dry.

Difficult stains such a coffee or tea can be removed using a mild household cleaner and soft bristled brush, repeating as necessary.

If a stain persists, use a paste of baking soda and water and apply with a soft bristled brush. Light scrubbing for 10 to 20 strokes should remove most stains. Although baking soda is a low abrasive, excessive scrubbing or exerting too much force could damage the decorative surface, especially if it has a gloss finish.

Stubborn stains that resist any of the above cleaning methods may require the use of undiluted household bleach or nail polish remover. Apply the bleach or nail polish remover to the stains and let stand no longer than two minutes. Rinse thoroughly with water and wipe dry. These steps may be repeated if the stain appears to be going away and the colour of the laminate has not been affected.

WARNING: Prolonged exposure of the laminate surface to the bleach will cause discolouration.

Hot pans and heat-producing appliances (such as electric skillets), when set directly upon countertops, can damage the product's beauty. Always use a heat shield, hot pad or trivet.

CAUTION PLEASE!

Acidic or abrasive cleaner can damage laminate surface; do not use them. Drain cleaners containing lye will permanently damage any Stylam Laminate surface. If you spill drain cleaner, wipe it immediately and rinse several times with water.

Hair, textile and food dyes can cause permanent strains. If dye should happen to spill, wipe it immediately with dishwashing detergent or an all-purpose cleaner.

Never place pots or dishes directly from the oven or burner on an unprotected laminate surface; such extreme heat can cause cracking or blistering.

Do not work with oven cleaner on an unprotected countertop. Wipe spills away promptly and rinse several times with water.

Rust removers contain harsh chemicals which will quickly cause permanent damage. If a spill occurs, wipe off all residue immediately, wash thoroughly with soap water and rinse several times.

Steel wool and other abrasive pads will damage Stylam Laminate. Don't use them for cleaning and don't store steel wool pads on your countertop; the metal can rust and leave stains.

Toilet cleaners contain harsh chemical that cause permanent damage. If spills occur, wipe immediately, wash surface with soapy water and rinse several times.
