LEAD THE WAY  
TOWARDS

2021

NEW YEAR, NEW STORY WITH  
*beautiful trends*

Turn the page over to know more about our royal legacy.

## OUR STORY

Since 1979, Crown Laminates vaunts a legacy that celebrates innovation, cutting edge technology, craft, and expertise.

Our unceasing efforts with OEMs, architects, interior designers, and developers, together with an in-depth understanding of the market and its demands, has strengthened our product base and has helped establish Crown Laminates as one of the leaders in laminates, both domestically as well as globally.

Our state-of-the-art manufacturing facility with a production capacity of over 10 million sheets per annum that implements exacting standards and creates ace products, coupled with our company owned warehouse, ensures that our distributors and end clientele get exactly what they desire, when they need it.

With display showrooms across major Indian metros, dealerships of over 15000 pan India, and an international reach of over 60 countries, our blazing journey is poised to progress even further, and stronger.

# ROYAL CROWN *factory*

**ROYAL CROWN**  
HI-DENSITY LAMINATES

ROYAL CROWN  
**PRODUCT RANGE**

ROYAL CROWN  
DECORATIVE  
LAMINATES

Our Decorative Laminates are produced by impregnating multitude of papers including tissue paper, decor paper, barrier paper, kraft paper with resin. The resulting sandwich is fused under heat and pressure. The fusion process creates strong bonds that contribute to our laminates' exceptional durability. The non - decorative side of the laminate is uniformly sanded by a highly advanced sanding machine which makes it better suited for adhesion. Aggressive quality control checks and procedures are incorporated in the manufacturing process to ensure a high quality product.

The range is carefully designed to fulfil huge range of applications from furniture to counter tops to kitchen cabinets, walk in wardrobe, bathroom drawers, office furniture, schools, hotels, living room panels, or greeting you at your door. Our decorative laminate brand is the ideal interior solution. From abstracts to wood grains, from textiles to stones, from gloss surface to textures, from vertical to horizontal applications, we have it all! Abrasion resistant, mild chemical resistant, diverse in finishes, easy clean nature of the product, makes our laminate perfect choice for surface decoration.

Other Brands

**XYLEM**  
Xylem is a collection of our premium grade decorative laminates. Each laminate delivers inspiring, high quality and artistic excellence to define your style.

**CROWN LAMINATES**  
Crown is our exquisite and cost effective range of laminates available in 0.80mm thickness. The range is carefully designed to fulfill huge range of applications.

Features & Benefits

- Aesthetically Beautiful
- Scratch Resistant
- Solvent Resistant
- Impact Resistant
- Heat Retardant
- Fire Retardant
- Easy to clean & maintain
- Sustainable

# CROWN QBISS

## Interior Compacts

Qbiss is a high pressure structural laminate, built up from multiple layers of kraft papers to produce laminate in thickness ranging from 2mm to 25mm. It offers strong and speedy construction, saving of space, low maintenance and improved hygiene. It has a decorative face on both sides ideal for interior use in washroom cubicles, locker doors, wall panels and laboratory furniture.

With a density of 1.45gm/cm<sup>3</sup>, our compacts are impressively strong, damage resistant, and has remarkable structure stability, requiring no substrate support in thickness over 6mm. Our compact laminate conforms to EN 438 : 4 and CE ratings and meets conformity with European consumer safety, health and environmental requirements.

### Features & Benefits

- Made from Anti-Bacterial grade high pressure compact laminate panel confirming to EN 438
- Accessories made of Nylon Polyamide, Stainless Steel and Aluminium of International standards
- Available in standard and custom made dimension
- Wide colour range to choose from
- Hygienic and easily maintainable
- Durable and aesthetically appealing
- Fire Retardant
- Easy Installation
- Air Ventilation
- Space saving - Partition panels are only 12mm thick as compared to conventional system like 150mm thick brick wall
- Light Weight
- Resistant to cigarette burns
- Exceptional water, humidity and high temperature resistance
- Scratch and Stain Resistance
- Anti - Bacterial, Anti - Fungal and Termite Resistant

## CROWN XCL Exterior Compacts

XCL - Exterior Compact Laminate is a high pressure laminate, built up from multiple layers of kraft papers to produce laminate in thickness ranging from 2mm to 25mm. It has a decorative face on both sides layered with a UV protective film to safeguard the surface from the sun. It is ideal for Building Facades/Cladding, Balconies, Verandah, Outdoor Benches, etc. It is particularly suited to use in high humidity and high impact area.

With a density of 1.45gm/cm<sup>3</sup>, our compacts are impressively strong, damage resistant, and have remarkable structure stability, requiring no substrate support in thickness over 6mm. CrownXCL conforms to EN 438 : 4 and meets conformity with European Consumer Safety, Health and Environmental requirements.

### Features & Benefits

- Decorative
- High Weather Resistant
- Optimal Light Fastness
- Scratch Resistant
- Solvent Resistant
- Impact Resistant
- Heat Retardant
- Fire Retardant
- Easy to clean & maintain
- Sustainable
- Overall light weight structure and facade
- Quick and easy to assemble
- Increased sound proofing function (upto 15 Db)
- Decrease Air Conditioning costs
- Provide wall protection and heat insulation against atmospheric precipitation

# OTHER PRODUCTS

## Metal Series

Crown presents the Metal foil Series with variants to choose from different textures. These Laminates are specifically designed for vertical interior applications and work brilliantly as high lighters.

## Phenolic Backers

Phenolic Backers are produced for application to unexposed surfaces and therefore these backers are devoid of any design over the surface unlike general purpose laminates.

## Chemical Resistant Laminates

These Laminates have special additives and protective surface film that make them spot on for usage in laboratories, clinics and other pharmaceutical areas where interaction with chemical is a day to day affair.

## Fire Retardant Laminates

These Laminates are slowly gaining popularity due to its ability to retard and delay the spread of fire. These laminates can be used just about anywhere but are popular with schools and colleges.

## Compact Laminates

This compact solid surface is manufactured from special phenolic resins. Due to the strength of compact laminate, it has properties of dimensional stability, water and weather resistance. The usage is usually in school benches, toilet cubicles, kitchen platforms, wall paneling and in other applications.

## Colour - Core Series

These Lamiantes are typically used in areas where the laminate's cross section is clearly visible and therefore the cross section and the design over the surface have the same colour.

## Anti - Static Laminates

These Laminates are manufactured with special resin formulations to make sure they don't conduct static electricity and typical applications range from IT offices, Call centres, Laboratories, Electronic industries and Pharmaceutical laboratories.

## Chalk / Marker Laminates

Crown Presents Write-on laminates which constitute of marker and chalk grade laminates. Usage ranges any where from schools, colleges to offices and other work places.

## Post forming Laminates

Post forming grade laminates are typically used in both vertical and horizontal applications and in interiors, where the laminate is required to form or roll over different radius over the surface of the substrate.

# CERTIFICATIONS

## Sizes

1220 x 2440mm  
1220 x 3050mm  
1310 x 3050mm  
1520 x 3050mm  
1845 x 3670mm

## Range

2000 SKU's,  
100+ Textures

## Quality

At the heart of it all is our  
Unparalleled Quality

Fully equipped Laboratory

State of the Art  
Manufacturing unit owing to  
45+ years of experience,  
therefore we know what  
we're doing and we do it well

## Laminate Portfolio

# 20 21

100+new designs | 10+new textures

## Distribution

Pan India Product  
showrooms

Dealership of 15000+  
pan India

Presence in 60+  
countries

Warehouses round the  
globe

## Environment

We have invested in Wind  
& Solar Power to reduce  
our carbon Footprint.

Our product mixes are  
continually evolving  
to reduce our impact on  
the environment.

We are members of  
FSC, Greenguard. Etc.

# SPOTLESS

Spotless is Royal Crown's finest Anti Finger Laminates collection. A surfacing material that is the interior's ultimate choice. A unique technology incorporated during the manufacturing process ensures that finger prints are almost never visible therefore significantly limiting the effort required for care and maintenance. This impressive and striking collection of **Anti Finger laminates are smear, smudge, impact, scratch and heat resistant.** It is perfect for the most demanding applications. The available colour palette is the complete solution for those with exclusive standards.

COMBINATION

**589 ML | PARIS**  
Classy fabrics make everything better.

**547 SF | WILD TEAK**  
Wooden marvelousness is now the fad.

**563 MR | CODY**  
Crave marble? This is just as beautiful.

**514 MR | TOFFEE YELLOW**  
The color of auspiciousness and class.
