# ATTAINMENT FOR FUTURE SURFACES

WWW.FINOBLE.CO.IN

## HIGHLIGHTER SOLID SURFACES

Subtle designs have their own magic, but so do the plain colours. There are no boundaries to artistic expressions and your design shall reflect your personality. So pick up colours that you love the most.

Building a house is easy, but turning it into a home requires effort. Thoughtful design, aesthetics that adds personality to your house and an ambience that radiates positivity, this is what completes a home. When you are designing your very own home - you deserve nothing but the best! This series of laminates by Samarpan is here to introduce you to the fascinating world of laminates.

Aesthetics are really important for laminates however, there are many other factors such as durability, ease of operation & price that are important. Our passionately driven team is consistently analyzing the global & Indian market and keeps bringing designs that can cater to the market needs. The end result is quality surface solutions that are catered to the huge Indian market.

So, when you design your home & pick up your favourite laminate design, you can be assured that it is of the highest quality. Trusted by interior designers, architects & even the finest craftsman - Finoble is a name you can count on. Choose from the different colours, designs, textures and bring your own personal touch to your interiors.

Are you ready to dive into our world of fascinating laminates?

**Let's start flipping the pages!**

**FINOBLE**  
prámie dekoratív laminát

**ENVIRONMENT  
SAFE PROCESS**

The planet is at the core for us. We follow & adhere to all environmental compliance and adapted manufacturing processes that are pollution-free.

**SAVING MILLION  
OF ANIMAL HOMES**

cutting down the rain forest for the wood and veneer is making the animals homeless and thus they are moving to cities and the hunters will kill them.

our extremely perfect blended laminates are look like a natural veneer.

**HAZARD FREE  
MFG. PROCESSES**

our products are made from pure phenolic resin, thus there is no urea and other toxic materials being used, it keeps your space free of hazardous gases.

Bringing out the sense of refined richness, our wooden laminates are inspired by nature. So, when you pick up any of these laminates you can recreate the world of woods right into your homes.

This collection express the creative interior in the form of the mixing design sense and regional demands;

# TECHNICAL

## PRODUCT SPECIFICATON

PROPERTIES	SPECIFIED VALUES AS PER IS:2046-1995	CONFIRMS
Thickness	1.00 MM (±10%)	✓
Resistance to surface wear	350 (Revolution)	✓
Resistance to immersion in boiling water		✓
- Mass increase (%)	10.0 (Maximum)	✓
- Thickness increase (%)	11.8 (Maximum)	
Resistance to dry heat 180°C	Not Worse then 4	✓
Dimensional stability at deviated temperature		✓
- Longitudinal (%)	0.550 (Maximum)	✓
- Transverse (%)	1.025 (Maximum)	
<b>Dimensional stability at 20°C</b>		✓
- Longitudinal (%)	0.375 (Maximum)	✓
- Transverse (%)	0.600 (Maximum)	
Resistance to impact by small diameter ball	20N Minimum	✓
Resistance to cracking	Not worse then 4	✓
Resistance to scratching	2N Minimum	✓
Resistance to staining	Not worse then 5	✓
Resistance to color change (wool standards)		✓
- In xenon are light	Not worse then 6	✓
- In enclosed carbon arc light	Not worse then 5	
Resistance to cigarette	Not worse then 3	✓
Resistance to steam	Not worse then 4	✓
Appearance	Should be free from foreign particles	✓

## LIMITED WARRENTY

- Kindly check the sheet in all aspects after purchasing & prior to cutting.
- In case of mfg. defects, only replacement of used sheet will be made
- No warranty for corner crack or air bubble.
- No claim will be entertained thereafter in any case of the specifics

NO CLAIM WILL BE ENTERTAINED FOR AIR BUBBLES

NO CLAIM WILL BE ENTERTAINED FOR CRACK ARISING OUT OF GROOVE CURRYING OR L SHAPE

## LAYING INSTRUCTIONS

Before use ensure that the surface or plywood and laminates is clean, dry, leveled and free of oils, excess moisture or other contaminants, such as dust, synthetic particles, etc.

**Only Use White PVA Adhesive to stick the sheets. Apply Double Layer Of Adhesive on Edge (Minimum 3-4 Inch) of Both The Surfaces.**

The adhesive should always be stirred before use. Sufficient adhesive should be applied on both of the surface to be bonded. Don't add water into the adhesive, it makes the bonding weak.

Once adhesive applied is trickily in nature (usually requires 5-10 minutes, depending on atmospheric conditions), the laminate should be placed on the surface, accurately aligned.

Sufficient bonding procedure to ensure intimate contact necessary for an adequate bond should be applied over the entire area using as much as procedure as possible without damaging the assembly.

Pinch rollers (rotary press) and heavy weighted rollers are ideal. Hand rolling should be done from the center to the edges to ensure the removal of air bubbles. The edges should be rolled twice.

For satisfactory bonding, the area in question should be kept under pressure for a period of 12-18 hours (depending on atmospheric conditions).

In rainy season or when humidity is too high, moisture may-condense on the surface during drying (Know as "blushing") and will prevent an acceptable.

Hot spray or forced air drying may be used to help prevent this condition.

It is recommended that the maximum sheet size used for vertical field application be limited to 610x2440 mm (2x8 ft.).

When Laminate is pasted vertically, maintain uniform pressure on all sides till adhesive is dried.

To avoid stress cracking, avoid making cut outs having sharp corners and rough edges.

A gap of minimum 2mm should be maintained between two laminates while pasting side by side.

Due to transportation limitations laid the laminate sheet on flat surface in between 2 plywood sheets for minimum 48 Hrs.

**NOTE: In our endeavor to get the actual color, there may be difference between the catalogue and actual product of the laminate due to difference in production batches. Kindly reconfirm your color, design, and finishes with our dealers / distributors before placing your order.**

In Case of any claims, the liability of the company is limited to the cost of the product only
