· Shelves · Cabinets · Furniture

· Healthcare

Wall Lining and Horizontal Surfaces · Cubicles · Lockers · Cabinets · Trolleys

· Commercial · Hospitality & Restaurant

Tables · Counter Tops · Doors · Cubicles · Lockers · Cabinets

Wall Cladding & Partition

GENERAL USE & CARE GUIDE

SURFACE laminates are manufactured with aesthetics and durability in mind.

When used as recommended and with appropriate care, our laminates will last through the years. **SURFACE** laminates are easy to maintain

LAMINATES

- Cleaning should be done with water and a clean, non-abrasive cloth
- To remove more stubborn stains, use mild household cleansers like Colin to gently wipe down with a non-abrasive cloth
- Avoid the use of abrasive liquid cleansers, bleaching compounds of solution as these may damage the Surface of the laminate
- Do not place hot cookware directly on the laminate. Prolonged exposure to temperatures above 30 degrees celsius may cause damage to the laminate Surface
- Do not use the laminate for purposes that it is not intended for (Ex. Do not iron, chop, hammer or expose the laminate to open flame.)
- Outdoor application of the laminate with exposure to direct sunlight and weather conditions are not recommended
- UV rays may alter the colour of the laminate
- Gloss surfaces are recommended only for vertical applications
- UV rays may deshape the laminate
- Do not use thinner and toluene on the surface of the **SURFACE** laminates, this may cause decolourization of the surface
- Store the laminates at temperatures below 30 degrees celsius
- Typically conform to internationally recognize technical standards
- Have a thickness balance of +/-10%
- Peel off the protective film after processing

LIMITED WARRANTY

SURFACE products are reasonably free of defects and when properly handled and fabricated will comply within reasonable deviations to applicable manufacturing specifications.

Clients are advised to inspect products thoroughly prior to installation

SURFACE'S warranty will not cover defects and non-compliance from and or otherwise attributable to any other causes including without limitation

- Improper handling/transportation/storage of the products
- Improper installation of the products
- Improper or unintended usage of the products
- Lack of or improper maintenance of the products
- Exposure of the products to extreme temperatures
- Unauthorized alternation to the products
- Outdoor applications

FURTHER INFO & SAMPLE REQUESTS

Visit our website at www.surfaceдекор.com for more information or to request for laminate samples

- **NO GUARANTEE & NO EXCHANGE** IN ANY CIRCUMSTANCES.
- THERE CAN BE COLOUR VARIATION IN MATERIAL FROM DIFFERENT BATCHES.
- IT IS ADVISED TO USE SAME BATCH MATERIAL TO AVOID COLOUR VARIATIONS.
- ACTUAL COLOUR OF THE LAMINATE SHEET MAY VARY FROM THIS BROCHURE.

Bonding of laminate under high humidity, plywood with high moisture content, ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination / air bubbles in between ply and laminate.

DISCLAIMER

The information provided in this catalog is for reference and serves as a guide only.

SURFACE does not warrant the accuracy and completeness of this information nor guarantee any of the properties of the product set out here.

Suitability of design and application for use to be determined by the client in consultation with its professional advisers.

SURFACE reserves the right to amend or update product description at any time.

SURFACE reserves the right to determine that the alleged defect complained about is insubstantial or trivial. **SURFACE** is not liable for any damage arising from or related to reliance on this catalog.

Full size image of laminate sample pieces in this catalog are available for download on our website.

The intellectual property in this catalog belongs to **SURFACE** and its manufacturers.

Clients should download the image online to view the laminate sheet in its entirety or request for a bigger sample.

Any type of delamination or bubble after applying the sheet will not be entertained as the problem arises due to lack of pressing (pressure) during sticking (application) process.
