WHERE OUR STORY

BEGINNING

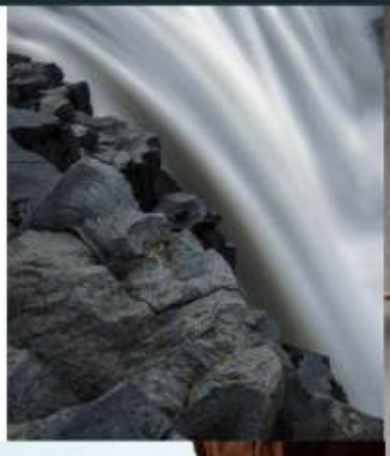
A Unique Experience Different **Surface**

Embito Touch is a new ceramic project that surprises for the pleasant tactile and visual sensations of the surfaces,available in a palette of neutral tones, satin and polished, designed to create spectacular 3d walls in most indoor setting.

CARVING

Collect Moment Not Things



The Call of the Nature

Embito combines the aesthetic qualities of several different stones originating from the south of France, alternating the typical characteristics of sedimentary stone with the more compact look of sandstone to create a unique style and personality. The result is an elegant and original collection, available in textured and honed versions.

The collection embraces a new concept of luxury that transcends the boundaries between ancient and modern and is ideal for a relaxed, informal ambience.
