WHO WE ARE?

Established in 1995, The Pacific Group has come a long way in the International Stone Industry. With customer satisfaction, competitive pricing and high quality standards as its values, Pacific Granites India Pvt. Ltd. was established in the year 2010. Moving with strict adherence to the international quality standards, the company today is amongst the top manufacturers and exporters of granites from India and is poised to emerge as a force to reckon in the international stone industry.

Our natural stones add the sophistication and beauty to your home and fit in seamlessly with your lifestyle making your décor sing to the tunes of urbanity. Each slab of our collection is with the artistry of nature at its best. Each slab displays the legendary stories of the quarry it comes from and thereby define its best use. Each slab has been polished and cut by the finest Italian equipment.

Catering to the global demand for natural stones.!

A large, rectangular, light-colored stone countertop with a sink and faucet, set in a forest. The countertop is made of a material with a natural, veined texture. It is supported by a dark brown, rectangular base. The background is a dense forest of tall, thin trees, with a misty or foggy atmosphere. The lighting is soft and natural, highlighting the texture of the stone and the surrounding environment.
