6H anti-scratch

The superior collection of Alimo Acrylic Laminates is available in versatile size of 2440x1220mm for effortless cutting and application on various surfaces and furniture.

The size assists in efficiently managed cutting and application, which also discourages wastage.

The sheets are 1.5mm to 3.0mm thick, offering durability and agility in equal measure. The thickness ensures sturdy application and an impressive final product.

The thickness also facilitates easy application, which looks neat and aesthetic.

The best part about the collection is its extensive, versatile, and contemporary color palette.

The range offers a more comprehensive selection divided into various palettes for various tastes and preferences, establishing a genuinely remarkable collection that provides choices for different styles of interiors, combinations, and more.

The range is extensively functional and resilient, with an extraordinarily anti-scratch surface rating of 6H, which keeps your spaces and surfaces visually scratch-proof for spaces looking new for longer.

These sheets are extensively water and stain proof offering pristine spaces that are easy to maintain and clean.

They are also lightweight, termite, and borer-free for no maintenance and long life. The thickness of the laminates lends them superior strength and durability paired with application agility.

The collection is meticulously designed around the aesthetic, functional, and maintenance needs of the modern lifestyle, which is fast-paced.

So apply acrylic laminates from Alimo and forget and enjoy unmatched elegance paired with utility, strength, and durability in your spaces.
