3D Wall Panel

3d wall panel is an exciting wall material that offers a dramatic alternative to traditional flat wall panels. Combine 3d wall panels with creative lighting and the results are spectacular.

3D wall panels are ideal wall covering products that are widely used in interior wall decoration. they are great solutions to walls, ceilings, or any surface that needs covering. Such as living room, bedroom, kitchen room, TV background, feature walls and ceiling in house decoration; company logo wall, meeting room, lobby backdrop, reception desk front function room in office, restaurant, cafes, cinema and night clubs decoration. Other than creating a stunning visual effect for walls, 3d wall panels can also be crafted into furniture designs, such as cabinet doors, bed headboards, bedroom wardrobes, and kitchen cabinets.
