Who we are

Leaving behind the imprints of a Legacy that is ingrained into the very fabric of our luxurious offerings and vision.

KOSHETO Acrylic Laminates is one of the best manufacturers and distributors of high-pressure fine quality laminates around the globe. KOSHETO offers a wide range of classic laminates with the finest design and texture, used for enhancing the overall look and feel of various surfaces in your personal and professional space.

These innovative and decorative materials are used for surfacing cabinets, furniture, walls, ceilings, external facades and so on. These premium textured laminates will embellish your living space with a life and essence of its own.

The company quality policy is to confirm the management system as per ISO9001:2008 standard. We design and develop laminate whose purpose is to be a constant motive of pride for our customers.

We place our customer's expectations at the heart of our actions. Our benchmark for achieving the immense success is the quality satisfaction of our customers and their loyalty towards the company.

Acrylic Laminates

FAQS

Acrylic are bonded in extremely humid conditions

Use of water base synthetic resin adhesive any other than PEVA (Polyethylene vinyl acetate co-polymer)

When substrate loses moisture after installation

Debonding in certain areas because of uneven substrate surface

Insufficient or lack of pressing during the bonding period of laminate

Use of extremely large Acrylic/PVC laminate sheets (more than 8 ft x 2ft long)

To avoid de lamination / air bubbles in between ply and laminate the above steps should be taken care of
Bonding of acrylic sheets shouldn't be completed under high humidity

No Guarantee in any circumstances.

Like crack, bubble, color fade and color variation
Please Check Material When Delivered

- No guarantee & no exchange in any circumstances
- There can be colour variation in material from different batches
- It is advised to use same batch material to avoid colour variations
- Actual colours of the laminate sheet may vary from this brochure

Reason for air bubble formations on acrylic sheets

Please open the roll immediately
Do not pressurize while opening roll

Shake it well and lightly spray on the surface

Wipe the surface clean using a light circular motion
