COLOR CORE PVC LAMINATES

PEACOCK is our national bird and at Allcor, we have developed our theme based on it. This peacock theme represents some similar features as our national bird. Like the peacock feathers consist of a variety of colours, Allcor too has a variety of designs. Additionally, as our national bird sheds its feathers in regular time intervals, Allcor too updates its creations with time and the latest trends. The designs and creations are completely unique and have great attraction. We make our creations based on the demand of customers and as a result, we get perfect feedbacks for our products. Choose Allcor if you are looking for trendy designs of PVC laminates

COLOR CORE ALLCOR PVC LAMINATES

90° BENDING PROCESS IN PVC LAMINATES

Step-01

➤ Use a diamond cutter blade to cut the sheet into a size that you want.

Step-03

➤ Using scissors you can now trim off the edges as per the markings.

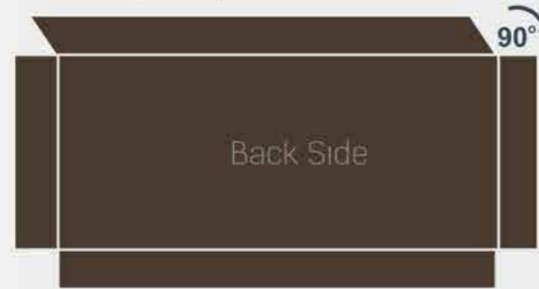

Step-02

➤ Mark the grooves on the sheet as per your requirements. Now use V-groove cutter to make the grooves as per markings.

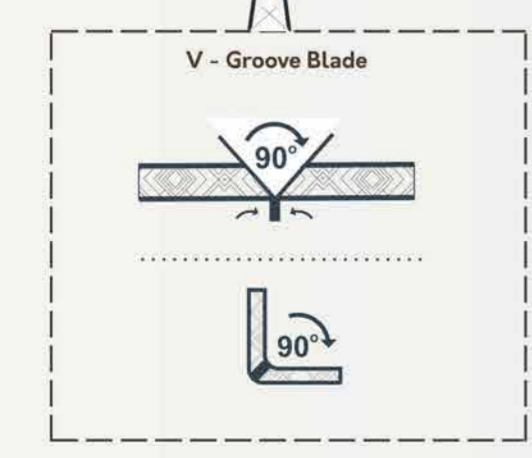

Step-04

➤ Keep the sheet with the front facing up and with the groove marks as your measurement **Bend** the sheet along the grooves.

Step-05

➤ And the laminate sheet is ready to use on any surface you wish now.

Uses Recommendation

For Bending
Diamond Cutter
has to be used

For Cutting
U-Groove Cutter
Blade has to be used

PVC Laminate with 100% COLOR CORE

ALLCOR PVC LAMINATES are made up of multiple thin layers of materials like plastic resins, foils, flat film, etc. The top or the front part of the laminate sheet is usually made up in printed with a pattern or design in a different color to match with multiple customer expectations. The sheet is then pressed firmly under high pressure using automated machineries to ensure that it holds.

Having a great experience in PVC Laminate, we offer a variety of Color Core PVC Laminates. All the available options are popular for its fine touch and attractive designs. These range of products are used at various places including cupboards made of wooden, kitchen and also on cabinets to give them an awesome look. The main features of the products includes.

Know your PVC LAMINATES

At Allcor PVC Laminates, we pay more attention to detail and ensure that the PVC laminates are processed with great care so that they can match with the expectations of every individual customer in terms of texture, color, design and solidarity.

- We make them with unused plastic resin for the raw material which assures greater longevity and eco-friendly.
- The PVC used in the making of these high quality laminated sheets are free of lead which is an added advantage to the environment.
- The imported films used for the making of these sheets assure you of a world class product at your home.
- You can avail these laminates in multiple colors and designs as per your requirements.
- The laminates can be used in multiple spaces like in cabinets of your kitchen, the wardrobes, cabinets in the living room, furniture and more.

Carpenter Friendly

Allcor PVC Laminates can be cut, shaped and joined easily in a variety of styles. Its light weight reduces manual handling difficulties.

Durability

Allcor PVC Laminates is resistant to moisture, corrosion and shock. It is there for the preferred choice for many different long-life products.

Allcor PVC Laminates is the best choice in the industry. In comparison to its alternatives, our Laminates are built to be safe and possess antibacterial qualities that prevent the growth of bacteria and mould. Our Allcor PVC Laminates are 100% safe and clean in their manufacture and have been an industry standard since the very beginning.

TECHNICAL INFORMATION

THICKNESS: 1.25mm (±10%)
STANDARD SIZE: 1220 x 2440mm (8'x4')

Allcor manufactures excellent and best quality of PVC Laminate in India. Thus we can commit its promises of durability and reliability.

ALLCOR PVC LAMINATES HANDLING

CUTTING & BENDING:

Allcor PVC laminates can be cut, routed and drilled with the same standard tools which are mostly used in wood works. (We recommend to use Diamond cutter blade for cutting and V - Groove cutter for bending up to 90°). All blades must be sharp to remove any burrs while cutting process. Use a smooth file to feather all corner edges.

90° BENDABLE PVC LAMINATES

Allcor PVC laminates sheet can be bend up to 90° & applied to hide the edges. The PVC Laminates sheet can be easily cut trimmed using a saw (Manual or electric) or a sharp knife. No special tools are required.

CLEANING & MAINTENANCE

- The surface of PVC Laminates should be gently cleaned using a very soft hand.
- Do not clean PVC laminates with strong chemicals.
- Please do not use any sharp objects like knives and cutter machines on the surface of the laminates.
- Keep away from direct sunlight.

LIGHTWEIGHT & STRONG

Allcor PVC laminates light weight, good mechanical strength and toughness are key technical advantages for its use in all surface applications.

ENVIRONMENT FRIENDLY

Allcor PVC laminates is non-toxic. It is a safe material and a socially valuable resource. It meets all international standards for safety and health for both the products and applications for which it is used.

STORAGE

It is recommended to not store the Allcor PVC Laminates vertically. Horizontal storage is preferable. The laminates should be stored in a cool and dry place.

NOTE:

Before cutting the PVC Laminates please check the batch number and color of the PVC Laminate. As color may vary batch to batch. No replacement will be done after cutting the PVC Laminates.

In case of any claim due to manufacturing defect, the liability of the company is only limited to the cost of PVC sheet only. ALLCOR is not liable for the color variations from batch to batch production. The sample here only represent the designs, colors and finishes. They do not represent actual thickness.

Do not remove The protective sheet on the laminates before the fixing is complete. Remove the protection film within 15 days of installation.

3MM MARBLE PVC LAMINATES

“The World of Engineered
Decorative Marbles”

With innovative engineered Marble designs MARBORITE leads the way in creating the most diverse array of designs across the entire decorative product range. Innovation plays a pivotal role for the company, which is evident from their most exclusive Marble designs.

The state-of-the-art design technology successfully addresses the aesthetic and performance requirements of designers, architects, constructions companies and homeowners across India. Driven by innovation and passion to excel, MARBORITE formidable and distinctive product range comes with the guarantee of international quality.
